

POSITION: Visit Southeast Montana Tourism Marketing Specialist

POSITION SUMMARY: The Visit Southeast Montana (SEMT) Tourism Marketing Specialist position is a critical part of the regional tourism marketing team, which consists of the Marketing Director and advertising/marketing Agency of Record (AOR). While this is a support role and includes some administrative work, the position requires a broad range of skills with the potential for growth. The Marketing Specialist will travel to and interact with regional and statewide tourism partners, stakeholders, personnel from the Montana Office of Tourism and Business Development, Indian Country and Tribal Tourism Partners, the SEMT Board of Directors, international and domestic tour guides and operators, leisure tourism consumers and several governmental agencies. In other words, you have to be able to work with all types of people across multiple industries.

Strong interpersonal and strategic communication skills are a must, as are killer organizational skills. This is a fast-paced job that varies from day-to-day and the position must flex with changing needs. However, tracking and reporting are as vital as the ideas themselves – how else do we know what works and what doesn't?

While the team approach gets things done, the position does require a self-driven mindset; an understanding of, or willingness to learn, what Southeast Montana entails; and that ever-sought-after outside-the-box thinking.

This position reports to the Marketing Director and is employed by the Billings Chamber of Commerce, which manages Visit Southeast Montana.

DUTIES AND RESPONSIBILITIES

Responsibilities of the successful applicant will include:

- Overall Marketing
 - o Assist Marketing Director with all aspects of tourism marketing, including:
